

Christine Leclerc - SCOA Chair

Christine Leclerc lives in Coast Salish Homelands / Burnaby, BC. She is an award-winning author and science communicator who studies the water cycle impacts of nature-based climate solutions at Simon Fraser University's Climate Research Lab. In addition, Leclerc is an En-ROADS Climate Ambassador, who chaired the BC NDP's Standing Committee on Agriculture from 2021-2023, is an elected representative with YESS which serves early-career earth system scientists, and a Data Analysis Fellow with the World Climate Research Programme's Fresh Eyes on CMIP initiative. She has been a member of SFU's Hydrology Research Group, an Expert Reviewer with the IPCC, an inaugural cohort member of Evidence for Democracy's Science to Policy Accelerator, and has served on the non-profit boards of Embark Sustainability and Sierra Club BC.
